

Helen Komene

Seascapes Open Theme Workshop in Pastels

Date: 27th January 2018
Time: 9:30am to 3:30pm
Venue: Jacksons Busselton
Cost: \$150.00

ABOUT THIS WORKSHOP

Join Western Australian artist, Helen Komene for a creative day and learn how to master pastels using a set of 64 colours. The great news is, you can bring along your own seascape reference photo to work from. The focus of the workshop is to learn the different drawing and blending techniques and enjoy working on your own seascape subject matter – such as beaches, oceans, streams and creeks. For those completely new to art and pastels you will receive plenty of guidance at every stage of the workshop.

ABOUT ARTIST HELEN KOMENE:

Helen is a professional artist and teacher living in the Pilbara who specialises on seascapes, landscapes and fur and family portraits. Helen is the recent winner of the Cliftons 2017 Art Prize! If we were to describe her extensive portfolio, her artwork has a contemporary realism.

Helen works in soft pastels for two reasons: when she applies the pigment with her fingers to a canvas, their velvety qualities are a joy to work with. Also, their rich and vibrant colours allow her to create strong contrasts between areas of light and shadow which have often been described as photographic, yet when viewed up close each artwork reveals her raw strokes and the texture of pastels.
